Who should I talk to if I have concerns about a Young Person?

If you feel that a child may be at risk of harm, then inform one of the Safeguarding team immediately. They will offer advice and take appropriate action. Child abuse can happen to any child regardless of elements such as gender, culture, religion, social background ability or disability. A copy of the school's Safeguarding Policy is available on the website, in the school office and the staff room.

Keeping Young People Safe

Remember these three important messages

- 1 All children have a right to be safe regardless of who they are or what their circumstances are.
- 2 Keeping children safe is everyone's responsibility.
- 3 We all need to listen to children even though we may not always be comfortable with what we hear.

Please remember, if you are a paid worker, volunteer or a member of the community, you have the responsibility to act if you are worried about a child or if you have any concerns regarding health and safety.

Types of Harm

Physical When a child is deliberately hurt or injured

Sexual When a child is influenced or forced to take part in sexual activity. This can be a physical or non physical, e.g. being made to look at an inappropriate image.

Emotional When a child is made to feel frightened, worthless or unloved. It can be by shouting, using threats or making fun of someone. It can also be when children see their parents, or visitors to the home, fighting or using violence.

Neglect When a child is not being taken care of by their parents/carers. It can be poor hygiene, poor diet, not keeping appointments for additional support, not coming to school or are being left at home alone.

REMEMBER....if in doubt...ask!

Please do not leave our school without telling someone or doing something.

If a child discloses they might be subject to abuse:

- **React calmly, listening carefully** to the child, particularly what is said spontaneously.
- **Never promise to keep a secret.** Always pass on concerns immediately
- **Do not ask** leading questions or make judgements. Clarify and check your concern if you are not sure by using for example, "tell (**T**), explain (**E**), describe (**D**)" but as soon as you believe that there may be genuine issue, ask no further questions. This would compromise further enquiries. **Only trained investigators should question a child.**
- **Reassure** the child that they are doing the right thing.
- **Record** carefully, on a form available from the office, what the child says in their own words including how and when the account was given. This must then be dated and signed and immediately passed to one of the Safeguarding Team below:
