

YEAR 6 OVERVIEW

SOUTH FARNBOROUGH JUNIOR SCHOOL

READING

SATS TO BE ADMINISTERED IN THE WEEK OF 12TH MAY 2025 TIMETABLE OF THE WEEK:

Monday 12 th May	English grammar, punctuation and spelling test, Paper 1, short answer questions. (45 mins) English grammar, punctuation and spelling test, Paper 2, spelling.
Tuesday 13 th May	English reading test, reading booklet and associated answer booklet. (1 hour)
Wednesday 14 th May	Mathematics, Paper 1, arithmetic test. (30 mins) Mathematics, Paper 2, reasoning. (40 mins)
Thursday 15 th May	Mathematics Paper 3, reasoning.(40 mins)

MENTAL HEALTH AND WELLBEING

- Comprehensive PSHE curriculum linked to mental health
- School Values- Developing resilience so that they are able to cope with challenges, understanding stress and the bodies reaction to stress
- Regular opportunities for breaks and exercise (yoga, stretching, PE, sports, physical activity)
- Strong relationships built in the classroom (pupils and adults) around kindness, trust, safety and security to promote wellbeing
- Take the time to ask the children how they are with regular reminders about who they can talk to
- Specialised/ individual support for those who need it
- Promote the ethos of 'growth mindset'
- Reassurance! WE AREVERY PROUD OF THE CHILDREN!
- Practise past papers so that pupils are well-prepared and understand the process. Focused lessons on the build up.
- Breakfast offered every morning during SATs week

Home

- Offer a calm, supportive environment
- Time for unwinding and relaxing- take breaks!
 - ☐ Routine/ timetable
 - ☐ Gratitude activities
 - ☐ Spreading kindness
- Mindfulness exercises
- ☐ Sleeping and eating well
 - Physical activity
 - ☐ Reassurance

The Reading Exam

- 60 minutes, including reading the texts and answering questions.
- Three different set texts for the children to read, which could be any combination of **non-fiction**, **fiction and/or poetry**.
 - A total of 50 marks are available.
 - The Year 6 Reading SATs paper requires a range of answering styles, including responding to **multiple choice questions**, **oneword answers**, and multiple mark questions which require **more formal paragraph-length answers**.

PASS MARKS

Pass Marks

- In 2018 to meet the expected standard children needed to score at least: 28/50
 To achieve greater depth children needed to score at least: 40/50
- In 2019 to meet the expected standard children needed to score at least: 28/50
 To achieve greater depth children needed to score at least: 41/50
- In 2022 to meet the expected standard children needed to score at least: 29/50
 To achieve greater depth children needed to score at least: 41/50
- In 2023 to meet the expected standards children needed to score at least 24/50
 To achieve greater depth children needed to score at least 38/50
- In 2024 to meet the expected standards children needed to score at least 27/50
 To achieve greater depth children needed to score at least 40/50

Since the current testing format for the Year 6 SATs began in 2016, there has been a tendency for the number of marks to go in favour towards three particular types of content domain / questions.

For example, in 2017:

- 20% of marks could be gained by answering questions where children had to give/explain the meaning of words in context (Content Domain 2a);
- Over a quarter of marks could be gained by answering questions where children had to retrieve/record information or details from the texts (2b);
- Almost half of the marks were allotted to questions requiring children to make inferences from a text, justifying inferences with text evidence (2d).

So, when reading with your child at home, try asking questions like:

- Find a word in this paragraph that is closest in meaning to 'provide word e.g. annoyed' (2a);
- In what year did 'provide fact e.g. the French authorities make it illegal for people to swim from France to England'? (2b);
- In the last paragraph, X does not want to Y.
 Give two reasons why X does not want Y. (2d)

Example Questions

Example question, based on Text 1 – Space Tourism:

How would you get to your space hotel?

In the future there may be hotels in space for all the tourists. It wouldn't take long for the space shuttle to get out of the Earth's atmosphere.

Then, without Earth's gravity, you would become weightless. Arrival at the hotel would be like an aeroplane parking at an airport, but you would leave the cabin floating along the access tube, holding on to a cable.

How would you get from the spacecraft to the space hotel?

Award 1 mark for answers that refer to floating down the tube (holding the cable).

1 mark

2b) retrieve and record information/identify key details from fiction and non-fiction

Ajay was just about to tuck into his tea and toast dripping in sour rhubarb jam when there was a loud clatter from the letterbox as an important-looking brown envelope landed on the mat. 'Bit early for the post isn't it?' Mum said. 'Ooh, it says Special Delivery.' Mum opened it, and unfolded the letter.

Joe knew instantly that something was wrong. He could see it on Mum's face. 'What is it, Mum?' Joe asked.

How does Joe know that the letter contains bad news **before** his mum tells him what it says?

Content domain: 2d – make inferences from the text / explain and justify inferences with evidence from the text

Award 1 mark for reference to Joe seeing it on her face, e.g.

- he could tell because of his mum's expression
- he could tell from her face
- by her face.

2d) make inferences from the text/explain and justify inferences with evidence from the text;

What is Joe's mother thinking after she reads	s the letter?			'Oi!' Ajay yelled, 'wl	'Oi!' Ajay yelled, 'what are you doing?'

The warden had two weeks' notice of the park's closure.				The leaflet makes readers feel hopeful for bumblebees.					

Fluency

- Pupils have one hour to read three texts and answer questions about them.
- Many children can simply not read fluently enough to make their way through all the texts and answer the questions.
- Fluency is essential for success without it, pupils cannot be expected to take in enough information to answer questions accurately.

"It provides a bridge between word recognition and comprehension"

Rate: Being able to read at an appropriate pace.

Accuracy: Reading the content accurately and being able to self-correct when they make an error.

Prosody: Expressive reading (timing, phrasing, emphasis and intonation). It's used to help convey meaning and to make speech lively.

These three aspects of fluency all enable the child to 'take in' (comprehend) what they are reading.

Questions After Reading

If you could go into space with one person, who would you pick?

If one character was

going to go on the X

and why?

Can you retell the story in 30 words or less?

Can you retell the story backwards?

If you were going to write a sequel, what would happen?

If you were going to give it an alternative title what would it be?

Who would you like to be in the text?

Who would your family or friends be if they were a character in the text?

Name one similarity and one difference between this text and the last text you read.

Match these adjectives with the character they describe:

- Brave Stubborn
- Admirable Kind

Who would you recommend this text to and why?

MATHS

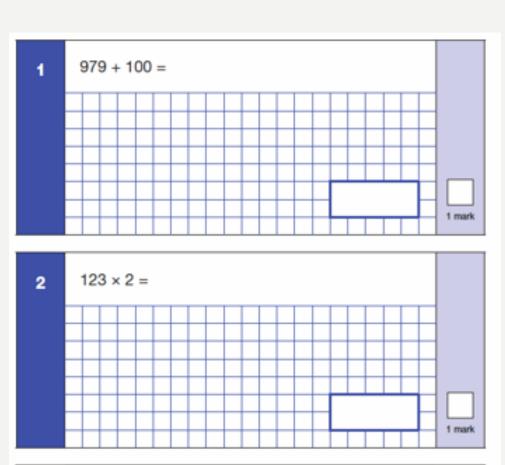

KS2 tests: Mathematics.

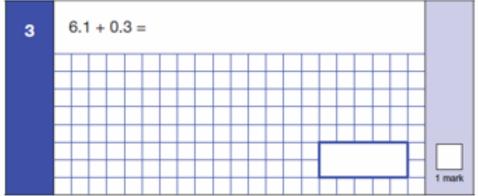

No Mental mathematics test.

No level 6 tests – <u>all</u> pupils will take just 1 set of tests – tests will include a small number of questions that will stretch the most able pupils.

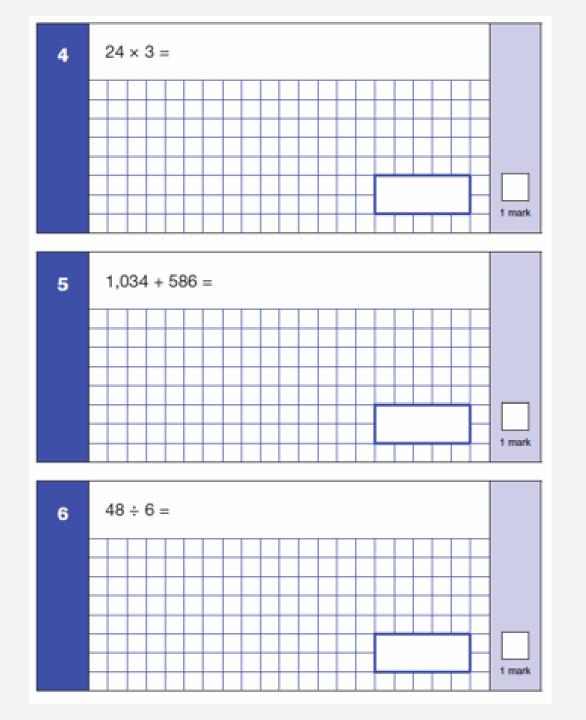

Arithmetic- 1 paper introduced to assess basic mathematical calculations.

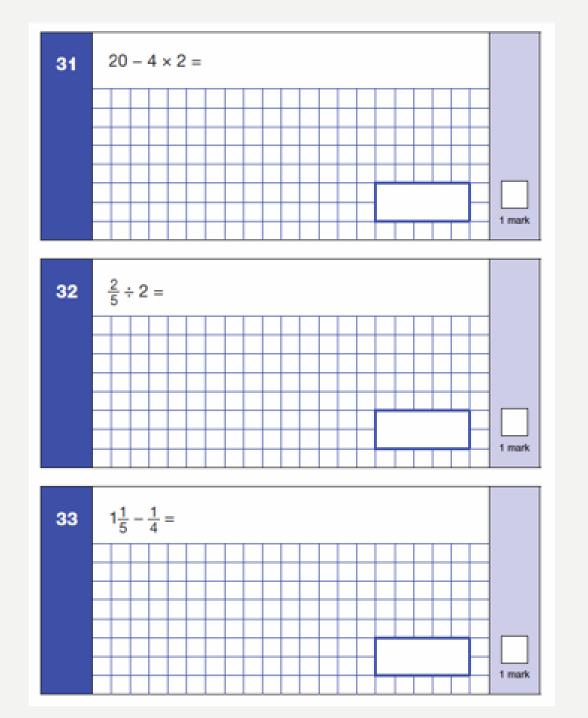

- No contextualised questions 36 questions, 40 marks available, 30 minutes duration.
- Questions will cover: straightforward addition and subtraction, more complex calculations with fractions, long divisions and long multiplication. Gridded paper provided in answer spaces for questions on the arithmetic paper

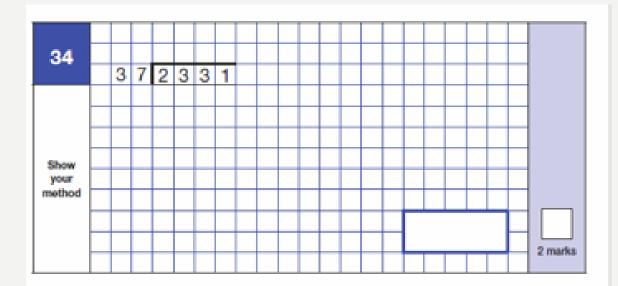

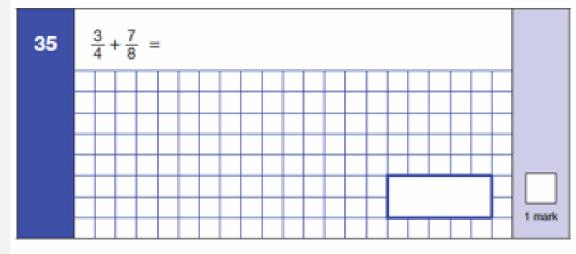

We think of different ways that we can answer these questions – we try not to reply on formal methods.

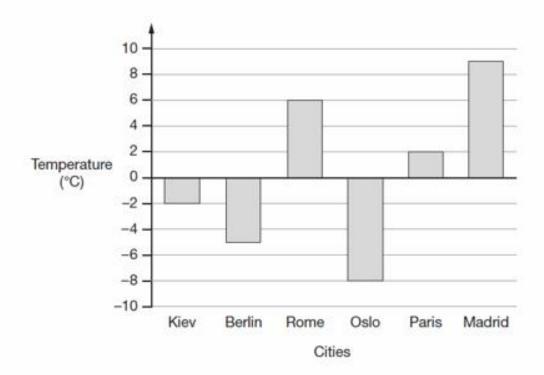

Some questions are worth two marks.

If they show their method they may get a point even if their answer is incorrect.

Mathematical reasoning

2 papers. 20 questions (35 marks) in each paper, 40 minutes duration.

This graph shows the temperature in six cities on one day in January.

Which city was 4 degrees warmer than Kiev?

.

There are always different ways that data is represented. We look at lots of different examples so children are prepared and know different ways to get started.

Seven children measured their heights.

Children	Height (cm)
Stefan	144
Lara	136
Olivia	142
Chen	143
Maria	152
Dev	148
Sarah	150

What is the mean height of the children?

2 marks

Some of the reasoning questions are also worth 2 marks. Children will need to show that they have an understanding of the mathematics to get at least one mark. In this case, children will have to show how to work out the mean.

Maths Scoring and Expectations

- Arithmetic paper is out of 40
- Each reasoning paper is out of 35
- There are a total of 110 marks available

In 2019 to meet the expected standard (national average) children needed to score at least: **58/110**

To achieve greater depth (above average) children needed to score at least: 95/110

In 2022 to meet the expected standard (national average) children needed to score at least: **58/110**

To achieve greater depth (above average) children needed to score at least: 96/110

In 2023 to meet the expected standard (national average) children needed to score at least: **56/110**

To achieve greater depth (above average) children needed to score at least: 94/110

In 2024 to meet the expected standard (national average) children needed to score at least: **54/110**

To achieve greater depth (above average) children needed to score at least: 93/110

There are a number of revision booklets to support the children on the <u>website</u>.

They also have their revision booklets at home to help them as well.

The children have worked so hard and we are very proud of them!

EXPECTATIONS FOR HOME LEARNING

 Children will be expected to go on timetables rockstars for 15 minutes a week.

- MyMaths will be the main source of maths homework where there will be lessons, games and actual pieces of homework for the children to complete.
- Children will also have to CGP books to refer to whenever they need.

All of the logins for these sites are in your children's yellow home books.

SPELLING

SPELLING EXPECTATIONS AT SFJS

- The children will be allocated their spellings on Google Classroom, weekly. They can also be given a paper copy of their spellings too.
- Children are encouraged to use their spelling journals to practise their spellings each week, using the spelling menu not just overlearning and writing them.
- SFJS follow no nonsense spelling scheme, which could be changing this academic year.
